About Us

InsightSquared provides an innovative and breakthrough Sales & Marketing Analytics product that is built from the ground up for **salesforce.com**. It allows you to manage your sales with actionable and real-time insights, improves your sales team's productivity and helps you get more "Closed-Won" deals. With InsightSquared you get:

- 2-in-1 unified sales and marketing analytics in a single product
- Real-time actionable insights that grow sales and cut costs

Unlike complex legacy Business Intelligence and reporting products, InsightSquared is engineered and built from the ground up for sales and marketing executives to help them take full advantage of their investment in salesforce.com CRM.

Testimonials

InsightSquared's robust business intelligence and analytic solution was easy to integrate and helps us get the most out of our data.

James Sampson

Dir of Revenue & Sales Ops
DataXu

InsightSquared is, selfishly and going out on a limb, the best technology we've ever invested in.

Lisa Iannone

VP and Senior Partner
Hobson Associates
